

Soils & Biogeochemistry Graduate Group
Program of Study for the M.S. Plan I (Thesis)

Student Name _____ Quarter Admitted _____
B.S. Degree _____
Institution _____ Date _____

Preparatory Coursework	Units	Quarter Taken
General Chemistry (2 courses)		
Calculus (2 courses)		
General Physics (2 courses)		
Biology (2 courses)		
Soil Science (2 courses)		

Graduate Courses in Soil Science - 4 units other than research & seminar (see list)

Course	Units	Quarter Taken

Seminar - 3 units (1 in Soil Science, 2 others)

(At least one of the seminars must be participatory, meaning that students must take an active role in group discussion or give an oral presentation)

Course	Units	Quarter Taken
SSC 290	1	

SSC 205 – Field Studies in Soils (5 units)

Course	Units	Quarter Taken
SSC 205	5	

SSC 298 – Advances in Soils and Biogeochemistry (2 units)

Course	Units	Quarter Taken
SSC 298	2	

Upper Division and/or Graduate Courses (including research) -16 units

Course	Units	Quarter Taken

Other Courses

Course	Units	Quarter Taken

Total Units

For this degree, a **minimum** of 30 units of graduate and upper division credits are required by the university followed by completion of a thesis. Students who enter the MS program with deficiencies in soil science core disciplines may need to take additional courses to prepare for research and thesis preparation.
